**PROXY STATEMENT**

**ANNUAL MEETING OF STOCKHOLDERS TO BE HELD DECEMBER 5, 2022**

**GENERAL INFORMATION**

This Proxy Statement is furnished to stockholders of Alset Inc., a Texas corporation (“we,” “us,” or the “Company”), in connection with the solicitation by our Board of Directors of proxies for use at our 2022 Annual Meeting of Stockholders (the “Annual Meeting”). The Annual Meeting is scheduled to be held at 9 A.M. Eastern Standard Time on December 5, 2022, at a virtual location. We anticipate that this Proxy Statement and the enclosed form of proxy will be mailed to stockholders on or about October 24, 2022.

At the Annual Meeting, stockholders will be asked to consider and vote upon: (1) the election of seven (7) directors, each to hold office until the 2023 Annual Meeting of Stockholders and until his or her successor is elected and qualified; (2) the ratification of the selection of Grassi & Co., CPAs, P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2022; and (3) an amendment of the Company’s Restated Certificate of Formation (“Certificate of Formation”) to effect a reverse stock split of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), at a ratio of 1-for-20 (the “Reverse Stock Split Proposal”).

**Voting Rights and Votes Required**

The close of business on October 11, 2022, has been fixed as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. As of the close of business on such date, we had outstanding and entitled to vote 148,507,188 shares of our common stock, par value \$0.001 per share. You may vote your shares of common stock in person (all references to “present” or “in person” in this proxy statement relate to the virtual presence at the Annual Meeting) or by proxy. You may submit your proxy by telephone, via the Internet or by completing the enclosed proxy card and mailing it in the envelope provided. Stockholders who hold shares in “street name” should refer to their proxy card or the information forwarded by their bank, broker or other nominee for instructions on the voting options available to them. To vote in person at the virtual meeting, you may attend the Annual Meeting and deliver your completed proxy card electronically or vote your shares electronically during the virtual meeting.

The presence at the Annual Meeting, whether in person or by valid proxy, of thirty-five percent (35%) of the shares of our common stock entitled to vote will constitute a quorum, permitting us to conduct our business at the Annual Meeting. The record holder of each share of common stock entitled to vote at the Annual Meeting will have one vote for each share so held. Abstentions and broker non-votes will count for quorum purposes.

If a broker that is a record holder of common stock does not return a signed proxy, the shares of common stock represented by such proxy will not be considered present at the Annual Meeting and will not be counted toward establishing a quorum. If a broker that is a record holder of common stock does return a signed proxy, but is not authorized to vote on one or more matters (with respect to each such matter, a “broker non-vote”), the shares of common stock represented by such proxy will be considered present at the Annual Meeting for purposes of determining the presence of a quorum. A broker that is a member of the New York Stock Exchange is prohibited, unless the stockholder provides the broker with written instructions, from giving a proxy on non-routine matters. Consequently, your brokerage firm or other nominee will have discretionary authority to vote your shares with respect to routine matters but may not vote your shares with respect to non-routine matters.

*Election of Directors*

Election of directors is a non-routine matter and brokers do not have discretionary authority to vote on this matter. If you hold shares in a brokerage account and wish to vote those shares on this proposal, then you should instruct on how to vote the shares using the voting instructions provided.

Directors are elected by a plurality of the votes cast when a quorum is present. Stockholders may not cumulate their votes. The seven candidates receiving the highest number of votes will be elected. Because directors are elected by a plurality of the votes, votes withheld from a director nominee and broker non-votes will have no effect on the outcome of the vote.

*Ratification of Independent Public Accounting Firm*

The affirmative vote of a majority of the votes cast is required to approve the proposal to ratify the selection of our independent registered public accounting firm. Abstentions are not considered to be votes cast and will have no effect on the outcome of the vote. If you are a stockholder of record and you return your signed and dated proxy card without providing specific voting instructions on this proposal, or do not specify your vote on this proposal when voting using the telephone or Internet, your shares will be voted “For” the ratification of the selection of our independent registered public accounting firm in accordance with the recommendations of the Board of Directors. If you are a stockholder of record and you fail to return your proxy card, or to vote at all using the telephone or Internet, it will have no effect.

We believe that the proposal to ratify the selection of our independent registered public accounting firm is deemed to be a “routine” matter. Therefore, if you are a beneficial owner of shares registered in the name of your broker or other nominee and you fail to provide instructions to your broker or nominee as to how to vote your shares on this proposal, your broker or nominee will have the discretion to vote your shares on this proposal.

*Reverse Stock Split*

The affirmative vote of the holders of a majority of the outstanding shares of our common stock is required to approve the Reverse Stock Split Proposal. An abstention will have the same effect as a vote cast against the Reverse Stock Split Proposal.

The Reverse Stock Split Proposal is a non-routine matter and brokers do not have discretionary authority to vote on this matter. If you hold shares in a brokerage account and wish to vote those shares on this proposal, then you should instruct on how to vote the shares using the voting instructions provided.

**Voting of Proxies**

Most stockholders have three ways to submit a proxy: by telephone, via the Internet or by completing the enclosed proxy card and mailing it in the envelope provided. To submit a proxy by telephone or via the Internet, follow the instructions set forth on each proxy card you receive. To submit a proxy by mail, sign and date each proxy card you receive, mark the boxes indicating how you wish to vote and return the proxy card in the postage-paid envelope provided. Do not return the proxy card if you submit your proxy via the Internet or by telephone.

Our Board of Directors recommends a vote **FOR** the election of each director nominee, **FOR** the ratification of the selection of Grassi & Co., CPAs, P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2022, and **FOR** the Reverse Stock Split Proposal.

**Revocation of Proxies**

Any proxy given pursuant to this solicitation may be revoked by a stockholder at any time before it is exercised by providing written notice to our Secretary at Alset Inc., 4800 Montgomery Lane, Suite 210, Bethesda, MD 20814, by delivery to us of a properly executed proxy bearing a later date, or by virtually attending the meeting and voting in person electronically at the Annual Meeting.

**Solicitation of Proxies**

We will bear the cost of this solicitation, including amounts paid to banks, brokers and other nominees to reimburse them for their expenses in forwarding solicitation materials regarding the Annual Meeting to beneficial owners of our common stock. The solicitation will be by mail, with the materials being forwarded to stockholders of record and certain other beneficial owners of our common stock, and by our officers and other regular employees (at no additional compensation). We have not engaged a proxy solicitor to distribute our proxy materials and solicit proxies. Our officers and employees may solicit proxies from stockholders by personal contact, by telephone, or by other means if necessary in order to assure sufficient representation at the Annual Meeting.

Issuer Direct, our transfer agent, shall act as inspector of elections at the Annual Meeting.

PROPOSAL ONE  
ELECTION OF DIRECTORS

Pursuant to our bylaws, our directors are elected at each annual meeting of stockholders, and serve until their successors are elected and qualified at the next annual meeting of stockholders, or until their prior death, resignation, retirement, disqualification or other removal.

Our Board of Directors currently consists of seven directors. Our Board of Directors has nominated the seven (7) persons listed in the table below for election as directors with terms expiring at the 2023 Annual Meeting of Stockholders. Accordingly, our stockholders may not vote their shares for a greater number of persons than the nominees named below. Unless a contrary direction is indicated, it is intended that proxies received will be voted for the election as directors of the seven nominees, each to hold office until the 2023 Annual Meeting of Stockholders and until his or her successor is elected and qualified. Each of the nominees has consented to being named in this Proxy Statement and to serve as a director if elected. In the event any nominee for director declines or is unable to serve, the proxies may be voted for a substitute nominee selected by the Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” ALL NOMINEES.

All of our directors bring to our Board of Directors executive leadership experience from their service as executives and/or directors of our Company and/or other entities. The biography of each of the nominees below contains information regarding the person’s business experience, director positions held currently or at any time during the last five years, and the experiences, qualifications, attributes and skills that caused our Board of Directors to determine that the person should serve as a director, given our business and structure.

**Corporate Governance**

**Board Composition**

Our Board of Directors currently consists of seven members. Our Board of Directors has undertaken a review of the independence of our directors and has determined that all of our current directors, except Mr. Chan Heng Fai, Mr. Chan Tung Moe and Mr. Danny Lim, are independent within the meaning of Section 5605(a)(2) of the Nasdaq Stock Market listing rules and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Each director shall be elected to the Board of Directors to hold office until the next annual meeting of stockholders and until his or her successor is elected and qualified.

*Board Leadership Structure and Role in Risk Oversight*

The Board of Directors does not have a formal policy on whether or not the roles of Chairman of the Board and Chief Executive Officer should be separate and believes that it should retain the flexibility to make this determination in the manner it believes will provide the most appropriate leadership for our company from time to time. Currently, Chan Heng Fai serves as Chairman of the Board and Chief Executive Officer, working closely with the rest of the Board as well as Executives of the Company. Mr. Chan sets the strategic direction for the Company and provides day-to-day leadership. As Chairman of the Board of Directors, Mr. Chan further oversees the agenda for board meetings in collaboration with the other board members.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. Management is responsible for the day-to-day management of risks we face, while our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. The Board of Directors periodically consults with management regarding the Company’s risks.

Our Board of Directors is actively involved in oversight of risks that could affect us. This oversight is conducted primarily through the Audit Committee of our Board of Directors, but the full Board of Directors has retained responsibility for general oversight of risks.

**Board Committees**

Our Board of Directors has an Audit Committee, a Nominations and Corporate Governance Committee and a Compensation Committee. Each of these committees is currently composed of Mr. Wong Tat Keung, Mr. Wong Shui Yeung and Mr. Wu.

Our Audit Committee and Compensation Committee will each comply with the listing requirements of the Nasdaq Marketplace Rules. At least one member of the Audit Committee will be an “audit committee financial expert,” as that term is defined in Item 407(d)(5)(ii) of Regulation S-K, and each member will be “independent” as that term is defined in Rule 5605(a) of the Nasdaq Marketplace Rules. Our Board of Directors has determined that each of Mr. Wong Tat Keung, Mr. Wong Shui Yeung, Ms. Wong and Mr. Wu is independent.

*Audit Committee*

Our Audit Committee was established in November of 2020 and met four times during the fiscal year ended December 31, 2021. The primary purpose of our Audit Committee is to assist the Board of Directors in the oversight of the integrity of our accounting and financial reporting process, the audits of our consolidated financial statements, and our compliance with legal and regulatory requirements. The functions of our Audit Committee include, among other things:

- hiring the independent registered public accounting firm to conduct the annual audit of our consolidated financial statements and monitoring its independence and performance;
- reviewing and approving the planned scope of the annual audit and the results of the annual audit;
- pre-approving all audit services and permissible non-audit services provided by our independent registered public accounting firm;
- reviewing the significant accounting and reporting principles to understand their impact on our consolidated financial statements;
- reviewing our internal financial, operating and accounting controls with management, our independent registered public accounting firm and our internal audit provider;
- reviewing with management and our independent registered public accounting firm, as appropriate, our financial reports, earnings announcements and our compliance with legal and regulatory requirements;
- periodically reviewing and discussing with management the effectiveness and adequacy of our system of internal controls;
- in consultation with management and the independent auditors, reviewing the integrity of our financial reporting process and adequacy of disclosure controls;
- reviewing potential conflicts of interest under and violations of our code of conduct;
- establishing procedures for the treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters and confidential submissions by our employees of concerns regarding questionable accounting or auditing matters;
- reviewing and approving related-party transactions; and
- reviewing and evaluating, at least annually, our Audit Committee’s charter.

With respect to reviewing and approving related-party transactions, our Audit Committee reviews related-party transactions for potential conflicts of interests or other improprieties. Under SEC rules, as a smaller reporting company, related-party transactions are those transactions to which we are or may be a party in which the amount involved exceeds the lesser of \$120,000 or 1% of the average of our total assets at year-end for the last two completed fiscal years, and in which any of our directors or executive officers or any other related person had or will have a direct or indirect material interest, excluding, among other things, compensation arrangements with respect to employment and Board of Directors membership. Our Audit Committee could approve a related-party transaction if it determines that the transaction is in our best interests. Our directors are required to disclose to this Committee or the full Board of Directors any potential conflict of interest, or personal interest in a transaction that our Board of Directors is considering. Our executive officers are required to disclose any related-party transaction to the Audit Committee. We also poll our directors on an annual basis with respect to related-party transactions and their service as an officer or director of other entities. Any director involved in a related-party transaction that is being reviewed or approved must recuse himself or herself from participation in any related deliberation or decision. Whenever possible, the transaction should be approved in advance and if not approved in advance, must be submitted for ratification as promptly as practical.

The financial literacy requirements of the SEC require that each member of our Audit Committee be able to read and understand fundamental financial statements. In addition, at least one member of our Audit Committee must qualify as an audit committee financial expert, as defined in Item 407(d)(5) of Regulation S-K promulgated under the Securities Act, and have financial sophistication in accordance with the Nasdaq Stock Market listing rules. Our Board of Directors has determined that Mr. Wong Tat Keung qualifies as an Audit Committee financial expert.

Both our independent registered public accounting firm and management periodically will meet privately with our Audit Committee.

The Board of Directors has adopted a charter for the Audit Committee, which is available in the corporate governance section of our website at <https://www.alsetinc.com/>.

*Nominations and Corporate Governance Committee*

The primary purpose of our Nominations and Corporate Governance Committee is to assist our Board of Directors in promoting the best interest of our company and our stockholders through the implementation of sound corporate governance principles and practices. Our Nominations and Corporate Governance Committee was established in 2021 and met two times during the fiscal year ended December 31, 2021; prior to its formation, the functions of this committee were addressed by the Board of Directors. The functions of our Nominations and Corporate Governance Committee include, among other things:

- identifying, reviewing and evaluating candidates to serve on our Board of Directors;
- determining the minimum qualifications for service on our Board of Directors;
- developing and recommending to our Board of Directors an annual self-evaluation process for our Board of Directors and overseeing the annual self-evaluation process;
- developing, as appropriate, a set of corporate governance principles, and reviewing and recommending to our Board of Directors any changes to such principles; and
- periodically reviewing and evaluating our Nominations and Corporate Governance Committee’s charter.

The Board of Directors has adopted a charter for the Nominations and Corporate Governance Committee, which is available in the corporate governance section of our website at <https://www.alsetinc.com/>.

## *Compensation Committee*

Our Compensation Committee was established at the time of our initial public offering in November 2020 but did not meet during the fiscal year ended December 31, 2021. Prior to the establishment of the Compensation Committee, the functions of such committee were administered by the entire Board of Directors. The primary purpose of our Compensation Committee is to assist our Board of Directors in exercising its responsibilities relating to compensation of our executive officers and employees and to administer our equity compensation and other benefit plans. In carrying out these responsibilities, this Committee reviews all components of executive officer and employee compensation for consistency with its compensation philosophy, as in effect from time to time. The functions of our Compensation Committee include, among other things:

- designing and implementing competitive compensation, retention and severance policies to attract and retain key personnel;
- reviewing and formulating policy and determining the compensation of our Chief Executive Officer, our other executive officers and employees;
- reviewing and recommending to our Board of Directors the compensation of our non-employee directors;
- reviewing and evaluating our compensation risk policies and procedures;
- administering our equity incentive plans and granting equity awards to our employees, consultants and directors under these plans;
- administering our performance bonus plans and granting bonus opportunities to our employees, consultants and non-employee directors under these plans;
- if required from time to time, preparing the analysis or reports on executive officer compensation required to be included in our annual proxy statement;
- engaging compensation consultants or other advisors it deems appropriate to assist with its duties; and
- reviewing and evaluating, at least annually, our Compensation Committee’s charter.

The Board of Directors has adopted a charter for the Compensation Committee, which is available in the corporate governance section of our website at <https://www.alsetinc.com/>.

The Compensation Committee retains sole authority to hire any compensation consultant, approve such consultant’s compensation, determine the nature and scope of its services, evaluate its performance, and terminate its engagement.

The Compensation Committee has reviewed our compensation policies and practices for all employees, including our named executive officers, as they relate to risk management practices and risk-taking incentives, and has determined that there are no risks arising from these policies and practices that are reasonably likely to have a material adverse effect on us.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2021, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with.

**Code of Conduct for Employees, Executive Officers and Directors**

We have adopted a code of conduct applicable to all of our employees, executive officers and directors. The code of conduct is available in the corporate governance section of our website at <https://www.alsetinc.com/>.

The Audit Committee of our Board of Directors is responsible for overseeing the code of conduct and must approve any waivers of the code of conduct for employees, executive officers or directors.

**Meetings of the Board of Directors**

The Board of Directors held five meetings during the fiscal year ended December 31, 2021. During the fiscal year ended December 31, 2021, each director attended all of the meetings of the Board of Directors and the committees on which such director served.

Directors are encouraged, but not required, to attend the annual meeting of stockholders.

**Director Nomination Process**

The process followed by Board of Directors to identify and evaluate director candidates includes requests to members of our Board of Directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Board of Directors.

In determining whether to recommend any particular candidate for inclusion in the Board of Directors’ slate of recommended director nominees, our Board of Directors considers the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors. The Board of Directors considers the value of diversity when recommending candidates. The Board views diversity broadly to include diversity of experience, skills and viewpoint. The Board of Directors does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board of Directors believe that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities.

Stockholders may recommend individuals to our Board for consideration as potential director candidates. The Board will evaluate stockholder-recommended candidates by following the same process and applying the same criteria as it follows for candidates submitted by others.

Stockholders may directly nominate a person for election to our Board of Directors by complying with the procedures set forth in Section 2.13 of our bylaws, and with the rules and regulations of the SEC. Under our bylaws, for business (including, but not limited to, director nominations) to be properly brought before an annual meeting by a stockholder, the stockholder or stockholders of record intending to propose the business (the “proposing stockholder”) must have given written notice of the proposing stockholder’s nomination or proposal, either by personal delivery or by United States mail to the Secretary not later than ninety (90) calendar days prior to the date such annual meeting is to be held. If the current year’s meeting is called for a date that is not within thirty (30) days of the anniversary of the previous year’s annual meeting, notice must be received not later than ten (10) calendar days following the day on which public announcement of the date of the annual meeting is first made. In no event will an adjournment or postponement of an annual meeting of stockholders begin a new time period for giving a proposing stockholder’s notice as provided above.

For business to be properly brought before a special meeting of stockholders, the notice of the meeting sent by or at the direction of the person calling the meeting must set forth the nature of the business to be considered. A person or persons who have made a written request for a special meeting pursuant to our bylaws may provide the information required for notice of a stockholder proposal simultaneously with the written request for the meeting submitted to the Secretary or within ten (10) calendar days after delivery of the written request for the meeting to the Secretary.

A proposing stockholder’s notice shall include as to each matter the proposing stockholder proposes to bring before either an annual or special meeting:

(a) The name and address of the proposing stockholder, and the classes and number of shares of the Corporation held by the proposing stockholder.

(b) If the notice is in regard to a nomination of a candidate for election as director: (a) the name, age, and business and residence address of the candidate; (b) the principal occupation or employment of the candidate; and (c) the class and number of shares of the Company beneficially owned by the candidate.

**REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING**  
**DECEMBER 31, 2022**

Our Board of Directors, acting upon the recommendation of the Audit Committee, has selected Grassi & Co., CPAs, P.C.to audit our consolidated financial statements for the fiscal year ending December 31, 2022.

Although stockholder approval of the selection of Grassi & Co., CPAs, P.C.is not required by law, our Board of Directors and the Audit Committee believe it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Audit Committee may reconsider its selection of Grassi & Co., CPAs, P.C. Additionally, we are considering various actions to reduce our operating expenses. Even if this proposal is approved, the Audit Committee may reconsider its selection of Grassi & Co., CPAs, P.C. as part of our expense reduction efforts.

During the two most recent fiscal years and through December 22, 2021, the date on which the Company engaged Grassi & Co., CPAs, the Company has not consulted with Grassi & Co., CPAs, P.C. regarding either:

- 1. The application of accounting principles to any specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company’s financial statements, and neither a written report was provided to the Company nor oral advice was provided that Grassi & Co., CPAs, P.C. concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or
- 2. Any matter that was either the subject of a disagreement (as defined in paragraph (a)(1)(iv) of Item 304 of Regulation S-K and the related instructions thereto) or a reportable event (as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K).

On December 21, 2021, the Board of Directors dismissed Briggs & Veselka Co. as its independent registered accountant at the recommendation of the Audit Committee. Briggs & Veselka Co.’s audit reports on the Company’s financial statements for the fiscal year ended December 31, 2020, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the year ended December 31, 2020, and during the subsequent interim period preceding the date of dismissal, there were (i) no disagreements with Briggs & Veselka Co. on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, and (ii) no reportable events (as that term is defined in Item 304(a)(1)(v) of Regulation S-K).

The Company requested Briggs & Veselka Co. to furnish it with a letter addressed to the U.S. Securities and Exchange Commission stating whether it agrees with the statements made above by the Company. The Company filed this letter with the SEC and accepted the dismissal while neither agreeing nor disagreeing with the decision by the Company.

The Audit Committee’s approval procedures include the review and approval of engagement letters from our independent registered public accounting firm that document the fees for all audit services and non-audit services, primarily tax advice and tax return preparation and review.

All audit services and all non-audit services in fiscal year ended December 31, 2020 were pre-approved by our Audit Committee. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE PROPOSAL TO RATIFY THE SELECTION OF GRASSI & CO., CPAS, P.C. AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2022.**

## PROPOSAL THREE

### APPROVAL OF A REVERSE STOCK SPLIT OF THE COMPANY’S COMMON STOCK AT A RATIO OF 1-FOR-20 AND AMENDMENT OF THE CERTIFICATE OF FORMATION TO EFFECT THE REVERSE STOCK SPLIT

Our Board of Directors has determined that it is in the best interests of the Company and our stockholders to (a) authorize the Board of Directors to effect, in its discretion prior to June 30, 2023, a reverse stock split of all of the issued and outstanding shares of common stock, par value \$0.001 per share, of the Company, at a ratio of 1-for-20 and (b) approve a corresponding amendment to the Company’s Restated Certificate of Formation (the “Certificate of Formation”), in substantially the form attached to this proxy statement as Appendix A, to effect the reverse stock split, subject to the Board’s authority to abandon such amendment.

If the stockholders approve this proposal, the Board of Directors would effect the reverse stock split and cause a Certificate of Amendment to the Company’s Certificate of Formation to be filed with the Secretary of State of the State of Texas only if the Board determines that the reverse stock split would be in the best interests of the Company and our stockholders. The Board may determine in its discretion not to effect any reverse stock split and not to file the amendment to the Company’s Certificate of Formation. No further action on the part of stockholders will be required to either implement or abandon the reverse stock split.

#### Background and Reasons for the Reverse Stock Split

As previously disclosed, on January 19, 2022, the Company received a notification letter from the Nasdaq Listing Qualifications Staff (the “Staff”) notifying the Company that, because the closing bid price for the Company’s common stock was below \$1.00 for 30 consecutive trading days, the Company no longer met Nasdaq’s minimum \$1 bid price per share requirement (the “Minimum Bid Price Requirement”). In accordance with Nasdaq’s listing rules, the Company was provided an initial 180 calendar days, or until July 18, 2022, to regain compliance. On July 19, 2022, the Company received an additional notification letter from the Staff that the Staff determined that the Company was eligible for an additional 180 calendar day period, or until January 16, 2023, to regain compliance with the Minimum Bid Price Requirement.

The Staff’s July 19, 2022 determination was based on the Company meeting the continued listing requirement for market value of publicly held shares and all other applicable requirements for initial listing on the Nasdaq Capital Market with the exception of the bid price requirement, and the Company’s written notice of its intention to cure the deficiency during the second compliance period by effecting a reverse stock split, if necessary. If at any time before January 16, 2023, the bid price of the Company’s common stock closes at or above \$1.00 per share for a minimum of, subject to the Staff’s discretion, 10 consecutive business days, Nasdaq will provide written notification that the Company has achieved compliance with the Minimum Bid Price Requirement.

The July 19, 2022 notification letter also disclosed that if compliance cannot be demonstrated by January 16, 2023, the Staff would notify the Company that its securities will be subject to delisting. In the event of such notification, the Company may appeal the Staff’s determination to delist its securities, but there can be no assurance the Staff would grant the Company’s request for continued listing.

The Board of Directors believes that there is a compelling need to secure approval of our stockholders to effect a reverse stock split to satisfy the Minimum Bid Price Requirement or if the Board should otherwise determine that it would be in the best interests of the Company and our stockholders to do so. Accordingly, for this and other reasons discussed below, we believe that giving the Board the discretionary authority to effect the reverse stock split in the manner described in this proxy statement is in the best interests of the Company and our stockholders.

The Board believes that de-listing from Nasdaq would have a material adverse effect on the market liquidity of our common stock as well as other associated implications, including a potential resulting drop in the trading price of our common stock and an increase in transaction costs of trading shares of our common stock.

In order to satisfy the Minimum Bid Price Requirement, the closing bid price of our common stock must be above \$1.00 per share, higher than our recent stock price, for ten consecutive trading days. The Board has concluded that, absent a significant market-driven increase in the price of our common stock, the best way for the Company to increase the closing bid price of our common stock to a level satisfactory for meeting the Minimum Bid Price Requirement would be to effect a reverse stock split.

**Board Discretion to Implement the Reverse Stock Split**

Upon receipt of stockholder approval, our Board of Directors, in its discretion prior to June 30, 2023, may or may not elect to effect a reverse stock split at the authorized ratio. In determining to implement the reverse stock split following the receipt of stockholder approval, our Board of Directors may consider, among other factors:

- the historical trading price and trading volume of our common stock;
- the then-prevailing trading price and trading volume of our common stock and the anticipated impact of the reverse stock split on the trading market for our common stock;
- the impact on our capitalization, including the number of authorized, but unissued shares resulting from the reverse stock split;
- our ability to continue our listing on Nasdaq;
- prevailing general market conditions; and
- general economic and other related conditions in our industry.

**Certain Risks Associated with the Reverse Stock Split**

*The Reverse Stock Split May Not Increase the Price of our Common Stock over the Long-Term.* Reducing the number of outstanding shares of our common stock through the reverse stock split is intended, absent other factors, to increase the per share trading price of our common stock. However, the effect of the reverse stock split upon the market price of our common stock cannot be predicted with any certainty and we cannot assure you that the reverse stock split will accomplish this objective for any meaningful period of time, or at all. While we expect that the reduction in the number of outstanding shares of common stock will increase the market price of our common stock, we cannot assure you that reverse stock split will increase the market price of our common stock by a multiple of the reverse stock split ratio, or result in any permanent or sustained increase in the market price of our common stock. The market price of our common stock may be affected by other factors which may be unrelated to the number of shares outstanding, including the Company’s business and financial performance, general market conditions, and prospects for future success.

*The Reverse Stock Split May Decrease the Liquidity of our common Stock.* The Board of Directors believes that the reverse stock split may result in an increase in the market price of our common stock, which could lead to increased interest in our common stock and possibly promote greater liquidity for our stockholders. However, the reverse stock split will also reduce the total number of outstanding shares of common stock, which may lead to reduced trading and a smaller number of market makers for our common stock, particularly if the price per share of our common stock does not increase as a result of the reverse stock split.

*The Reverse Stock Split May Result in Some Stockholders Owning “Odd Lots” That May Be More Difficult to Sell or Require Greater Transaction Costs per Share to Sell.* If the reverse stock split is implemented, it will increase the number of stockholders who own “odd lots” of less than 100 shares of common stock. A purchase or sale of less than 100 shares (also known as an “odd lot” transaction) may result in incrementally higher trading costs through certain brokers, particularly “full service” brokers. Therefore, those stockholders who own less than 100 shares of common stock following the reverse stock split may be required to pay higher transaction costs if they sell their shares.

*The Reverse Stock Split May Lead to a Decrease in our Overall Market Capitalization.* The reverse stock split may be viewed negatively by the market and, consequently, could lead to a decrease in our overall market capitalization. If the per share market price of our common stock does not increase in proportion to the reverse stock split ratio, then the value of the Company, as measured by our market capitalization, will be reduced. Additionally, any reduction in our market capitalization may be magnified as a result of the smaller number of total shares of common stock outstanding following the reverse stock split.

**Impact of the Proposed Reverse Stock Split If Implemented**

The reverse stock split would affect all of our stockholders uniformly and would not affect any stockholder’s percentage ownership interests or proportionate voting power, except to the extent that the reverse stock split could result in any of our stockholders receiving cash in lieu of a fractional share. As described below, stockholders otherwise entitled to fractional shares as a result of the reverse stock split would receive cash payments in lieu of such fractional shares. These cash payments would reduce the number of post-reverse stock split stockholders to the extent there are presently stockholders who would otherwise receive less than one share of our common stock after the reverse stock split. The other principal effects of the reverse stock split would be that:

- the number of issued and outstanding shares of our common stock would be reduced by the reverse stock split ratio; and
- the reverse stock split would likely increase the number of stockholders who own odd lots (less than 100 shares).

**Effect of the Reverse Stock Split on Holders of Outstanding Common Stock**

Every 20 shares of issued and outstanding common stock would be combined into one new share of common stock, and the number of shares authorized for issuance would remain the same. As of the record date, 7,425,360 outstanding shares of common stock would result from implementation of the reverse stock split ratio (without giving effect to the treatment of fractional shares):

The reverse stock split would not change the terms of our common stock. After the reverse stock split, the par value of our common stock would remain unchanged at \$0.001 per share and shares of common stock would retain their current voting rights and would be identical in all other respects to the shares of common stock currently authorized. The reverse stock split would affect all holders of our common stock uniformly and would not affect any stockholder’s percentage ownership interest in the Company, except that, as described below under “Fractional Shares,” holders of common stock otherwise entitled to a fractional share as a result of the reverse stock split would receive cash in lieu of such fractional share. In addition, the reverse stock split would not affect any stockholder’s proportionate voting power (subject to the treatment of fractional shares). After the reverse stock split, each share of common stock would continue to entitle its holder to one vote on all matters submitted to a vote of stockholders.

After the effective time of the reverse stock split, our common stock would be assigned a new Committee on Uniform Securities Identification Procedures (CUSIP) number, which is a number used to identify our equity securities. After the reverse stock split, we would continue to be subject to the periodic reporting and other requirements of the Exchange Act.

**Fractional Shares**

No scrip or fractional shares will be issued in connection with the Reverse Stock Split. Stockholders of record and stockholders who hold their shares through a bank, broker, custodian or other nominee who would otherwise hold fractional shares of our common stock as a result of the reverse stock split will be entitled to receive cash (without interest and subject to applicable withholding taxes) in lieu of such fractional shares. Each such stockholder will be entitled to receive an amount in cash equal to the fraction of one share to which such stockholder would otherwise be entitled multiplied by the closing price per share of common stock on the Nasdaq at the close of business on the trading day preceding the date of the effective time of the reverse stock split.

Stockholders should be aware that, under the escheat laws of the various jurisdictions where stockholders reside, where we are domiciled and where the funds will be deposited, sums due for fractional interests resulting from the reverse stock split that are not timely claimed after the effective time of the reverse stock split in accordance with applicable law may be required to be paid to the designated agent for each such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds may have to seek to obtain them directly from the state to which they were paid.

**Options and Warrants**

When the reverse stock split becomes effective, the number of shares of common stock covered by such options and warrants will be reduced to one-twentieth of the number currently covered, and the exercise or conversion price per share will be increased to twenty times the current exercise or conversion price, resulting in the same aggregate price being required to be paid therefor upon exercise or conversion thereof as was required immediately preceding the reverse stock split.

In addition, the number of shares of common stock and number of shares of common stock subject to stock options or similar rights authorized under the Company’s equity incentive plan a will automatically be proportionately adjusted for the reverse stock split ratio, such that fewer shares will be subject to such plans.

**Effect on Dividends**

The payment of dividends, including the timing and amount dividends, must be made in accordance with our Certificate of Formation and the requirements of the Texas Business Organizations Code. We cannot assure you that any dividends will be paid in the future on the shares of common stock. Any declaration and payment of future dividends to holders of our common stock will be at the discretion of our Board of Directors and will depend on many factors, including our financial condition, earnings, capital requirements, level of indebtedness, statutory future prospects and contractual restrictions applicable to the payment of dividends, and other considerations that our Board of Directors deems relevant. To the extent that the Board of Directors declares any dividend in the future, we would expect the current amount of the dividend to be proportionately adjusted to reflect the reverse stock split. The Board of Directors’ current expectation is to maintain the current dividend rate through 2021, as adjusted proportionately to give effect to the reverse stock split, if approved by our stockholders.

**Interest of Certain Persons in the Proposal**

The Company’s officers, directors and 5% stockholders have an interest in this proposal as a result of their ownership of shares of our common stock. We do not believe that our officers, directors or 5% stockholders have interests in the reverse stock split that are different from or greater than those of any other stockholder of the Company.

**Effective Time of the Reverse Stock Split**

If approved by our stockholders, the reverse stock split would become effective, if at all, when a Certificate of Amendment to our Certificate of Formation is accepted and recorded by the office of the Secretary of State of the State of Texas and after giving the required notice to Nasdaq of the anticipated effective date of the reverse stock split. However, notwithstanding approval of the reverse stock split by our stockholders, the Board of Directors will have the sole authority to elect whether or not and when to amend our Certificate of Formation to effect the reverse stock split.

**Effect on “Street Name” Holders**

For purposes of implementing the reverse stock split, we intend to treat shares held by stockholders through a bank, broker, custodian or other nominee in the same manner as stockholders whose shares are registered in their names. Banks, brokers, custodians or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding our common stock in street name. However, these banks, brokers, custodians or other nominees may have different procedures for processing the reverse stock split. Stockholders who hold shares of our common stock with a bank, broker, custodian or other nominee and who have any questions in this regard are encouraged to contact their banks, brokers, custodians or other nominees.

**Registered “Book-Entry” Holders**

Certain of our registered holders of common may hold some or all of their shares electronically in book-entry form with our transfer agent. These stockholders do not have stock certificates evidencing their ownership of common stock. They are, however, provided with a periodic statement reflecting the number of shares registered in their accounts.

Stockholders who hold shares electronically in book-entry form with our transfer agent will not need to take further action to receive whole shares of post-reverse stock split common stock, because the exchange will be automatic.

**Exchange of Stock Certificates**

If any of your shares of common stock are held in certificate form, you will receive a letter of transmittal from the Company’s transfer agent as soon as practicable after the effective date of the reverse stock split. The letter of transmittal will be accompanied by instructions specifying how you can exchange your certificate representing the pre-reverse stock split shares of common stock for a statement of holding, together with any payment of cash in lieu of fractional shares to which you are entitled. When you submit your certificate representing the pre-reverse stock split shares of common stock, your post-reverse stock split shares of common stock will be held electronically in book-entry form. This means that, instead of receiving a new stock certificate, you will receive a statement of holding that indicates the number of post-reverse stock split shares of common stock you own in book-entry form. We will no longer issue physical stock certificates unless you make a specific request for a share certificate representing your post-reverse stock split ownership interest.

Beginning on the effective date of the reverse stock split, each certificate representing pre-reverse stock split shares will be deemed for all corporate purposes to evidence ownership of post-reverse stock split shares.

STOCKHOLDERS SHOULD NOT DESTROY ANY SHARE CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

**No Appraisal Rights**

Stockholders do not have any appraisal or dissenters’ rights under Texas law or under our Certificate of Formation in connection with the reverse stock split.

**Accounting Treatment of the Reverse Share Split**

If effected, the reverse stock split will not affect the par value per share of our common stock, which will remain at par value \$0.001 per share. Accordingly, as of the effective time of the reverse stock split, the stated capital attributable to common stock and the additional paid-in capital account on our balance sheet will not change due to the reverse stock split. Reported per share net income or loss will be higher because there will be fewer shares of common stock outstanding. Our stockholders’ equity, in the aggregate, will remain unchanged.

In future financial statements, net income or loss per share and other per share amounts for periods ending before the reverse stock split would be recast to give retroactive effect to the reverse stock split. The Company does not anticipate that any other accounting consequences would arise as a result of the reverse stock split.

**Material U.S. Federal Income Tax Consequences of the Reverse Stock Split**

The following discussion is a summary of the material U.S. federal income tax consequences of the proposed reverse stock split to U.S. Holders (as defined below) of our common stock. This discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), U.S. Treasury Regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the U.S. Internal Revenue Service (the “IRS”), in each case in effect as of the date of this proxy statement. These authorities may change or be subject to differing interpretations. Any such change or differing interpretation may be applied retroactively in a manner that could adversely affect a U.S. Holder. We have not sought and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance the IRS or a court will not take a contrary position to that discussed below regarding the tax consequences of the proposed reverse stock split.

For purposes of this discussion, a “U.S. Holder” is a beneficial owner of our common stock that, for U.S. federal income tax purposes, is:

- an individual who is a citizen or resident of the United States;
- a corporation (or any other entity or arrangement treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust if (1) its administration is subject to the primary supervision of a court within the United States and all of its substantial decisions are subject to the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (2) it has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a United States person.

This discussion is limited to U.S. Holders who hold our common stock as a “capital asset” within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all U.S. federal income tax consequences relevant to the particular circumstances of a U.S. Holder, including the impact of the Medicare contribution tax on net investment income. In addition, it does not address consequences relevant to U.S. Holders that are subject to special rules, including, without limitation: (i) financial institutions; (ii) insurance companies; (iii) real estate investment trusts; (iv) regulated investment companies; (v) grantor trusts; (vi) tax-exempt organizations; (vii) dealers or traders in securities or currencies; (viii) U.S. Holders who hold common stock as part of a position in a straddle or as part of a hedging, conversion or integrated transaction for U.S. federal income tax purposes; or (ix) U.S. Holders who have a functional currency other than the U.S. dollar.

If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) is the beneficial owner of our common stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Accordingly, partnerships (and other entities treated as partnerships for U.S. federal income tax purposes) holding our common stock and the partners in such entities should consult their own tax advisors regarding the U.S. federal income tax consequences of the proposed reverse stock split to them.

In addition, the following discussion does not address the U.S. federal estate and gift tax, alternative minimum tax, or state, local and non-U.S. tax consequences of the proposed reverse stock split. Furthermore, the following discussion does not address any tax consequences of transactions effectuated before, after or at the same time as the proposed reverse stock split, whether or not they are in connection with the proposed reverse stock split.

STOCKHOLDERS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE PROPOSED REVERSE STOCK SPLIT ARISING UNDER THE U.S. FEDERAL ESTATE OR GIFT TAX LAWS OR UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE INCOME TAX TREATY.

The proposed reverse stock split is intended to be treated as a “recapitalization” for U.S. federal income tax purposes pursuant to Section 368(a)(1)(E) of the Code. As a result, a U.S. Holder generally should not recognize gain or loss upon the proposed reverse stock split for U.S. federal income tax purposes, except with respect to cash received in lieu of a fractional share of our common stock, as discussed below. A U.S. Holder’s aggregate adjusted tax basis in the shares of our common stock received pursuant to the proposed reverse stock split should equal the aggregate adjusted tax basis of the shares of our common stock surrendered (reduced by the amount of such basis that is allocated to any fractional share of our common stock). The U.S. Holder’s holding period in the shares of our common stock received should include the holding period in the shares of our common stock surrendered. U.S. Holders of shares of our common stock who acquired such shares on different dates or at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

A U.S. Holder who, pursuant to the proposed reverse stock split, receives cash in lieu of a fractional share of our common stock should recognize capital gain or loss in an amount equal to the difference, if any, between the amount of cash received and the portion of the U.S. Holder’s aggregate adjusted tax basis in the shares of our common stock surrendered that is allocated to such fractional share. Such capital gain or loss will be short term if the pre-reverse-stock-split shares were held for one year or less at the effective time of the reverse stock split and long term if held for more than one year. No gain or loss will be recognized by us as a result of the proposed reverse stock split.

Payments of cash made in lieu of a fractional share of our common stock may, under certain circumstances, be subject to information reporting and backup withholding. To avoid backup withholding, each holder of our common stock who does not otherwise establish an exemption should furnish its taxpayer identification number and comply with the applicable certification procedures.

Backup withholding is not an additional tax and amounts withheld will be allowed as a credit against the holder’s U.S. federal income tax liability and may entitle such holder to a refund, provided the required information is timely furnished to the IRS. Holders of our common stock should consult their own tax advisors regarding the application of the information reporting and backup withholding rules to them.

**Vote Required for Approval**

Pursuant to our Certificate of Formation and Section 21.364 of the Texas Business Organizations Code, approval of Proposal Three requires the affirmative vote of the holders of at least a majority of the outstanding shares of common stock entitled to vote at the annual meeting.

**Recommendation of the Board of Directors**

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE REVERSE STOCK SPLIT OF THE COMPANY’S COMMON STOCK AND AMENDMENT OF THE CERTIFICATE OF FORMATION TO EFFECT THE REVERSE STOCK SPLIT AT A RATIO OF 1-FOR-20**

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table and accompanying footnotes set forth certain information with respect to the beneficial ownership of our common stock as of October 11, 2022, referred to in the table below as the “Beneficial Ownership Date,” by:

- each person who is known to be the beneficial owner of 5% or more of the outstanding shares of our common stock;
- each member of our Board of Directors, director nominees and each of our named executive officers individually; and
- all of our directors, director nominees and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to stock options or warrants held by that person that are currently exercisable or exercisable within 60 days of the Beneficial Ownership Date and shares of restricted stock subject to vesting until the occurrence of certain events, are deemed outstanding, but are not deemed outstanding for computing the percentage ownership of any other person (however, neither the stockholder nor the directors and officers listed below own any stock options or warrants to purchase shares of our common stock at the present time). The percentages of beneficial ownership are based on 148,507,188 shares of common stock outstanding as of the Beneficial Ownership Date.

To our knowledge, except as set forth in the footnotes to this table and subject to applicable community property laws, each person named in the table has sole voting and investment power with respect to the shares set forth opposite such person’s name.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Policies and Procedures for Transactions with Related Persons

Our board of directors intends to adopt a written related person transaction policy to set forth the policies and procedures for the review and approval or ratification of related person transactions. Related persons include any executive officer, director or a holder of more than 5% of our common stock, including any of their immediate family members and any entity owned or controlled by such persons. Related person transactions refer to any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which (i) we were or are to be a participant, (ii) the amount involved exceeds \$120,000, and (iii) a related person had or will have a direct or indirect material interest. Related person transactions include, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness, and employment by us of a related person, in each case subject to certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act.

We expect that the policy will provide that in any related person transaction, our audit committee and board of directors will consider all of the available material facts and circumstances of the transaction, including: the direct and indirect interests of the related persons; in the event the related person is a director (or immediate family member of a director or an entity with which a director is affiliated), the impact that the transaction will have on a director’s independence; the risks, costs and benefits of the transaction to us; and whether any alternative transactions or sources for comparable services or products are available. After considering all such facts and circumstances, our audit committee and board of directors will determine whether approval or ratification of the related person transaction is in our best interests. For example, if our audit committee determines that the proposed terms of a related person transaction are reasonable and at least as favorable as could have been obtained from unrelated third parties, it will recommend to our board of directors that such transaction be approved or ratified. In addition, if a related person transaction will compromise the independence of one of our directors, our audit committee may recommend that our board of directors reject the transaction if it could affect our ability to comply with securities laws and regulations or Nasdaq listing requirements.

The convertible preferred stock can be convertible into shares of DSS common stock at a conversion price of \$6.48 of preferred stock stated value per share of common stock, subject to a 19.9% beneficial ownership conversion limitation (a so-called “blocker”) based on the total issued outstanding shares of common stock of DSS beneficially owned by GBM. Holders of the convertible preferred stock will have no voting rights, except as required by applicable law or regulation, and no dividends will accrue or be payable on the convertible preferred stock. The holders of convertible preferred stock will be entitled to a liquidation preference of \$1,000 per share, and DSS will have the right to redeem all or any portion of the then outstanding shares of convertible preferred stock, pro rata among all holders, at a redemption price per share equal to such liquidation value per share.

Ltd.) entered into an Executive Employment Agreement (the “Employment Agreement”) with the Company’s Chairman and Chief Executive Officer, Chan Heng Fai. Pursuant to the Employment Agreement, Mr. Chan’s compensation will include a fixed salary of \$1 per month and two bonus payments each year consisting of: (i) one payment equal to Five Percent (5%) of the growth in market capitalization the Company experiences in any year; and (ii) one payment equal to Five Percent (5%) of the growth in net asset value the Company experiences in any year. In each case, such payment is to be calculated within seven (7) days of December 31st of each year. Such bonus payments shall be paid in cash or the Company’s common stock, at the election of Mr. Chan.

The Company and Alset Business Development Pte. Ltd. entered into a Supplement to the Executive Employment Agreement (the “Supplement”) with Chan Heng Fai on December 13, 2021. This Supplement amended the Employment Agreement. Pursuant to the Employment Agreement, the term of the Employment Agreement was to end on December 31, 2025. The Supplement has amended the Employment Agreement to extend its expiration until December 31, 2030.

This Supplement also provides that if there is a change of control at the Company, Chan Heng Fai shall be entitled to cash payment equal to the amount he would have been owed through the term of the Employment Agreement (as extended by the Supplement). Such payment shall be calculated based on the highest annual amount paid to Chan Heng Fai through the date of such change of control. In addition, if Chan Heng Fai is terminated, pursuant to the Supplement, Chan Heng Fai shall be entitled to cash payment equal to the amount he would have been owed through the term of the Employment Agreement (as extended by the Supplement), calculated as described above.

The Compensation Committee of the Company’s Board of Directors later recommended that Chan Heng Fai be paid \$4,800,000 of the NAV Bonus pursuant to the Employment Agreement and the Supplement. Accordingly, on April 29, 2022, the Executive settled the true-up payment of \$1,185,251.45 with the Company.

Chan Heng Fai was paid bonuses totaling SGD \$8,076,472 (USD \$5,983,858) in 2021 by our majority owned subsidiary, Alset International Limited. The term of this agreement was made effective to March 25, 2020 and shall end on March 24, 2030. If Alset International terminates the appointment of Mr. Chan (subject to certain exceptions), Alset International shall be obliged to compensate Mr. Chan with a severance payment which will be equivalent to the total remuneration that would have been paid to Mr. Chan as if he had completed his term as the Chief Executive Officer of Alset International (“Severance Payment”). In the event there is a change in control of Alset International, Mr. Chan shall be granted with the option to continue his appointment with Alset International. If Mr. Chan decides not to continue with the appointment, Alset International shall be obliged to compensate Mr. Chan an amount equivalent to the Severance Payment. The Severance Payment shall be for the balance of the tenure of his term and shall be computed based on the highest annual remuneration, including salaries, incentive payments and performance bonus paid to Mr. Chan in the previous years prior to the termination of the appointment. Such Severance Payment shall be paid in cash only.

Householding of Annual Meeting Materials

Certain banks, brokers, broker-dealers and other similar organizations acting as nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of this Proxy Statement and any other Company forms or notices may have been sent to multiple stockholders in your household. If you would prefer to receive separate copies of a proxy statement or other notices or forms for other stockholders in your household, either now or in the future, please contact your bank, broker, broker-dealer or other similar organization serving as your nominee. Upon written or oral request to our Secretary at Alset Inc., 4800 Montgomery Lane, Suite 210, Bethesda, MD, 20814, we will promptly provide separate copies of our Annual Report on Form 10-K and/or this Proxy Statement. Stockholders sharing an address who are receiving multiple copies of this Proxy Statement and/or Annual Report on Form 10-K and who wish to receive a single copy of these materials in the future will need to contact their bank, broker, broker-dealer or other similar organization serving as their nominee to request that only a single copy of each document be mailed to all stockholders at the shared address in the future.
